

Soil assessment workshops

Come and get your hands dirty!!!

Workshop one:

Bredbo: Sat, 24 October 2015

Bungendore: Sun, 25 October 2015

You are invited to attend two free workshops, sponsored by South East Local Land Services as part of the National Soils Skills Competition. These workshops will provide you with practical tools and soil kits to measure key soil attributes. You will practice key skills in assessing paddocks using on-farm assessment techniques and through soil testing.

The workshops will assist you to make informed farm management decisions to achieve positive outcomes for soil health and condition and farm profitability.

Don't miss out on this great opportunity!

Presenter: David Hardwick, agricultural ecologist, Soil Land Food
